Nuestros paneles decorativos disponen de diferentes medidas y acabados, ideales para cambiar el aspecto de tu cocina, salón o baño. Su composición WPC los hacen totalmente hidrófugos e ignífugos lo que confiere al producto unas inmejorables cualidades técnicas, mayores que los paneles MDF.

Facilidad, rapidez de instalación y sencillez de mantenimiento y limpieza son factores que definen a los Vertical ARIS, haciendo que las reformas y proyectos sean más baratos que los realizados con otro tipo de material y ofreciendo la máxima garantía de aislamiento y resistencia.

Our decorative panels are available in different sizes and finishes. They are perfect for transforming the look of your kitchen, living room or bathroom. They are fully waterproof and fire-resistant thanks to their WPC content, thus providing the product with unbeatable technical qualities greater than those of MDF panels.

Vertical ARIS panels can be installed easily and quickly, and their maintenance and cleaning requirements are simple. This results in cheaper refurbishments and projects in comparison to those carried out with other types of material, while guaranteeing maximum insulation and resistance.

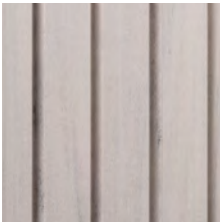

Aris Cadence

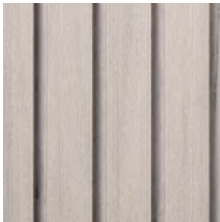

Cadence nace con la idea de transmitir dinamismo y positividad. Con un dibujo asimétrico y desigual genera un conjunto de diseño y vanguardia que no deja a nadie indiferente. Estamos ante una apuesta clara por espacios diferenciados y singulares.

Cadence was born with the idea of transmitting dynamism and positivity. Its asymmetrical and uneven pattern creates a design and avant-garde ensemble that cannot be ignored. A clear commitment to differentiated and unique spaces.

Nuestra gama se presenta en siete colores Wengué, Ipe, Roble, Luna, Polar, Nogal y Silver. Además, disponemos de dos acabados Nature (cepillado para exterior) y Trama (embossing para interior) todos en medida 2500 mm, además fabricamos el resto de la gama de colores y medidas especiales bajo pedido. El acabado Nature ofrece resistencia a la intemperie y acabado natural y el acabado Trama ofrece belleza y practicidad en ambientes de interior.

The range is available in seven colours: Wengué, Ipe, Roble, Luna, Polar, Nogal and Silver. Besides, there are two finishes available: Nature (outdoor brushing) and Trama (indoor embossing), all measuring 2500 mm. They can also be manufactured in any of the colours of the range and with special measures on request. The Nature finish is weather-resistant and natural, and the Trama finish is charming and practical for indoor environments.
